

Workshop Announcement

When: Saturday January 28th sign in at 9:00

Where: Craig May's shop, Pine, Colorado

Why: To make roses for the Iron Rose for Norway Project

Bring: Your favorite hand hammer, center punch and eye and ear protection. We could also use a few Smithin' Magicians,

Combination butcher / 1/4" tenon tool dies for the magician will be available for use.

Participants will make one iron rose each -- all of which will be shipped to Norway.

Why this project: Tobbe and Tone, two blacksmiths from Oslo are building a sculpture of forged roses made by smiths from all over the world. To honor the victims of the unimaginable violence in Oslo July 22, 2011 and to let the love grow from hammers and fire.

We would very much like to have RMS represented in this effort.

Craig has generously offered to donate his shop costs for the day to help with the cost of shipping and Dan Nibbelink will cut and donate the rose blanks to the effort.

Cost: \$25 RMS members, \$30 visitors

Questions: Call Mike Otis at 303-895-9578 or email at buffalomo@hotmail.com

'X' marks the spot

Highway 285 from Denver:

Turn right on Mt. Evans Blvd at the stop light at Pine Jct (first stop light on Highway 285)

Turn left on Wandcrest (first left after the post office).

Take the fourth left at the small Brown log shed.

Shop is on the left. No parking Around the white building on the Right.
